**"Footprints in Our Reiki Evolution:
Where have you been, and what's coming next in your Reiki Future?"**

With Marta Getty

*Reiki has been a continuing reflection of growth, and it keeps evolving.
What does that mean in your Reiki life in the coming years and generations?*

Hawayo Takata told Marta that when we put our hands on someone, we not only give them energy; they are also reminded of the very best possibilities for their lives. Considering this, what are the very best possibilities for us and Reiki in our future footprints in the sands of time?

Marta Getty was a student of Bethal Phaigh (one of Takata Sensei's 22 Masters) and a Master Candidate of Hawayo Takata before she passed away. She was initiated in 1981 as a Master by Phyllis Lei Furumoto (Takata Sensei's granddaughter and the current lineage bearer of Usui Shiki Ryoho).

Marta was a member of Oregon's early Reiki community, and is also one of the founding members of The Reiki Alliance. She is a dynamic storyteller and has traveled from north America to Australia and Europe teaching Reiki. She also has a passion for Healing the Family Tree with Reiki, a process she has developed over the past 23 years.
